

DO YOU REALLY KNOW WHAT'S GOING ON AT SCHOOL?

PARENTS AND CAREGIVERS BE INFORMED!

Some of the material from the new Relationships and Sexuality Education (RSE) curriculum is normalising gender ideology and promoting graphic and highly sexualised content - in primary, intermediate and secondary schools.

- Teaching gender ideology as fact.
- Gender diverse language in classrooms.
- Children's biological sex being questioned.
- Boys who identify as girls using the girls' toilets, changing rooms and overnight accommodation.
- Children's gender identity and name changes can be kept secret from parents.
- Boys can join girls' sports teams.

Medicalisation and surgery is available in NZ, puberty blockers are used "off-label" and in some cases are being promoted in schools. These options can cause irreversible damage and lifelong drug dependency.

DO YOU WANT THIS TYPE OF MATERIAL TAUGHT AS FACT TO IMPRESSIONABLE YOUNG PEOPLE?

TAKE ACTION

- Contact your child's school and ask what content their classes will be covering. Talk to their teacher and/or Principal.
- Closely monitor/be aware of what your child is learning. Ask to see their homework.
- Contact your School Board of Trustees to let them know (respectfully) if/why you are concerned. (They are parents too).
- Ask your children what they are learning about gender, sex and relationships.
- Identify what outside groups are visiting/coming into your school e.g. Rainbow Youth, Inside Out and Family Planning.
- And remember you have a legal right to withdraw your child from specific classes.
